Dear Park Day Families,

We’re about to share with you important information that you may have seen on your own in the news about Governor Newsom’s press conference held today at noon. After careful consideration and in consultation with Alameda County and other experts, we still plan to proceed with welcoming K-6 students to campus for in-person instruction starting on Wednesday, December 9. We will invite our 7th and 8th grade students to campus the week of December 14 for an abbreviated enrichment activity. Karen and Jules will share more detailed information in separate posts.

Please do read on to learn more about the Governor’s press conference today and subsequent information from the County. At noon today, Governor Newsom shared that the state had realized its highest new daily case count of the pandemic. As a result, Newsom said he was “pulling an emergency break” and announcing a “regional” stay at home order in California based on a region’s available intensive care unit capacity.

---

**UPCOMING EVENTS**

12/3 - 12/14
- Holiday Toy Drive

12/4
- Program Admin Drop-in Office Hours

12/6

12/7 & 12/8
- Distance Learning Days

12/8
- DJA Presents Transgender Youth Advocate Hillary Whittington

12/9
- Signups Open for Curative COVID-19 Testing
The governor then defined the state by five regions: Northern California, Southern California, the San Joaquin Valley, Bay Area, and greater Sacramento. The stay at home order will apply to areas where ICU capacity falls under 15%. During the press conference it was predicted that the Bay Area region would potentially hit that 15% threshold in mid-to-late December.

The governor went on to share that schools that have received permission to open would be able to remain open even under the new stay at home order. About two hours later, during our weekly call with the Alameda County Department of Public Health, Dr. Nicholas Moss, the county’s infectious disease specialist, underscored that he fully supports schools remaining open during this time as long as their opening plans were received and approved by the county prior to the purple tier designation. (Reminder: Alameda County suspended its waiver process in favor of opening all schools.) This applies fully to our plans for the K-6 learning program. Our 7/8 plans had not yet been approved at the time the Governor moved the county back into the purple tier last month.
As we have just experienced with the recent break, many community members, families and staff alike, chose to travel. **Governor Newsom is making it very clear that all non-essential travel is temporarily banned across the state. We urge our community to follow this directive.**

I remain grateful to our community for the flexibility and resilience you continue to show. This is a hard year, and the load has not yet lifted. I still believe there is hope on the horizon with the promise of a vaccine, along with the willingness of all of us to remain together in support of each other and with students at the center.

**A Park Day Movie Premiere!**
Grab some popcorn and red vines and tune in tomorrow for the world premiere of our Annual Fund campaign video! This year’s campaign launched with a bold goal of raising $380,000 to meet this moment and to grow into the next phase of our school. Funds raised not only support our program and help meet the financial demands of responding to COVID-19, but they will also launch us into our bright future. Donations to the Annual Fund are the most impactful way to support Park Day School, and we thank you for giving generously!
People of Color Conference
We are excited that nine members of our staff are attending this year’s People of Color Conference Wednesday-Friday of this week! This year’s conference theme is **New Decades: New Destinies** and the focus will be on Challenging Self, Changing Systems, and Choosing Justice. Arjuna, Joyce, Jules, Marisa, Grecia, Michelle, Susan, Jackie, and Angela plan to divide and conquer and to bring back wisdom, ideas, and paths forward back to our community. Stay tuned.

Strategic Planning Survey—One More Day!
We appreciate all of the members of our community who have shared their experiences, perspectives, and vision with us via the first of our strategic planning surveys. This [survey](#) will remain open for one more day and we want to hear from you.

Be well.
Angela
